**MESSAGE OF SUNDAY 2ND OCTOBER 2011
OLIVETO CITRA (SA) ITALY**

LUCIA OF FATIMA

Brothers, sisters, I'm **Lucia of Fatima**. Together with Me there's **Jacinta**, there's **Francisco**. I'm thanking **Our Lady** for giving Me this joy, and also for you it's a great joy, because you're receiving Me in your hearts.

I always wished to talk to you, and thanks to **Our Lady** and to you I didn't have to wait long, you'll have great confirmations of this day. I wish to tell you that you're in the right path, the path of truth; never be fooled when the Church will try to frighten you, you've to understand that they're the ones to be afraid of the truth. I lived in the Church so long, but I never let that they might bribe Me, because **Our Lady** was always with Me.

The "Third Secret of Fatima" was given to Me so I revealed it intact, and I did it! But nobody wanted to take responsibility, only John Paul II wanted to do it and they prevented Him, and this will come out, too.

I'll tell you a lot, be persistent. The great day that Our Lady confirmed the "Third Secret of Fatima", with the great miracle of the sun, many were healed, that day was unique, and it will be repeated here in this place (*Oliveto Citra*). So don't miss these joys that are waiting for you. Witness with your behaviour at **Fatima, that the **Holy Trinity's** among you.**

Now I've to go, but I'll pray that I may come back to talk to you, do it, you too.

I love you! The **Holy Trinity**, together with **Our Lady's** blessing us: in the name of the **Father**, of the **Son** and of the **Holy Spirit**.
