**SANTA BAKHITA**

Brothers, sisters, I am your sister **Bakhita**, I have danced with you, I have praised our brother **Jesus**, with you; today is a special day for those who have allowed themselves to be inspired by the **Holy Spirit**. I wish to tell you what happened to me on Pentecost Day: while I was praying a very strong light appeared to me, from that great light came a voice and told me: “**Bakhita I am the Lord your God, know**”, He said, “that these words contain my laws”. I didn’t understand and asked what I could do, and that voice said: “**Bakhita** you have always served the world with your work, I want your heart, love everybody and you will be my servant for eternity”, at that moment my heart was beating very fast, my only wish was to take action and serve My **Lord**. You can’t always understand what happens to you, but your faith will let you see further. I thought I would not be able to love enough, I gave to each soul always more, I wanted **My Lord** to be proud of me. On that day, after that apparition I started dancing by myself, without any music, from within my soul I felt a music that did not belong to this world, some of the people from the church saw me dancing, they tried to stop me but they did not succeed, my spirit was flying around the whole church, I did not want to disobey the church, but I could not resist the **Holy Spirit**, you should do the same. I know our daily problems, but at the moment of prayers, just let go and all will be fine. When I was a young girl, I used to be transported by a hook that seemed to strangle my throat, I could hardly swallow, I found strength in that light which I always saw, but which not always spoke to me. Brothers, sisters, you too should swallow your sufferings, the daily trials, with so much love, that will make you strong and will lead you to Heaven, you have been lucky like me, you have been chosen, do so that our **Father** will be proud of you too. I love you; I always pray in your midst; I will never tire of asking permission to be among you all.

Brothers, sisters, my **Father** is calling me, I can’t disobey Him, I give you blessings from the **Holy Trinity** in the name of the **Father**, the **Son** and the **Holy Spirit**.

I love you.
